**Subject:** Trash Data

Hello Ms. Coffman,

I work in EPA Region 3 doing TMDLs and lists of impaired waters. In cooperation with DOEE and MDE, EPA is working on developing a revised trash TMDL in the Anacostia watershed. I'm aiming to collect available trash data from within the Anacostia watershed to aid in this process. I've already received data from the counties and am hoping to supplement that with data from SHA. By chance, can you send me any available trash data from within the Anacostia watershed?

Thank you for your help.

*Jillian Adair*
